

3D Displays

- three-dimensional advertisement
- customised sizes
- quick and easy set up

3D displays – a reason to look closely. The eye-catchers for trade fairs, events and the POS.

Customised printed cubes, cuboids or prisms can be used for your advertising. Freestanding with up to 5 printed sides or hanging with up to 6 sides.

The three-dimensional forms consist of lightweight aluminium poles. A cover made of opaque, crease-resistant fabric ensures highest attention of your advertising.

Rack	lightweight aluminium poles with PVC edge connectors
Cover	Multisol® D 240 SE , ca. 240 g/m ² semi-matt knitted polyester with a brilliant colour reproduction flame retardant according to German fire class B1/DIN 4102
Capabilities	freestanding or hanging from the ceiling
